

Board Game Rental Overview/Agreement with Table Talk LLC – Board Game Cafe

According to the John Hopkins University Covid-19 lives on cardboard for 24 hours and plastic is the longest being 72 hours. Keeping you safe is our number one priority. We will be providing extra precautions by doing the following. Games will be available to rent on Fridays only. This will allow us to quarantine the games until Thursdays am. On Thursdays we will then take the extra measure to sanitize the games before returning them to our collection. We believe this process will provide “double the minimum expectation for life of the virus on surfaces.”

During our **rental/return hours on Friday from 3pm-7pm** we will only allow 2 people per family and up to 2 families to enter the store at one time allowing us to also be well below the maximum of 10 people in any place at one. Only one family member will be allowed to access the game library to touch and remove games to look at them. We will provide this person with gloves.

We will utilize the Door Closest to the game library as an Entrance door to access and pick out games. The normal entrance door will be used ONLY for game return drop off.

Game Rental Options – Renter must be over 18 and upon rental will need a State Issued ID and a Credit Card.
